WELCOME TO THE NEXT CHAPTER

A GUIDE TO OUR NEW
RANGE OF GLOBAL
HEALTH PLANS

October 2015

WELCOME TO THE NEXT CHAPTER OF GLOBAL HEALTHCARE

We have never wanted to be the same as the rest. That's why we asked over 3,000 globally minded people to help us create our new range of global health plans.

The simple tiered range brings the same great service expected from us, but it's more than just insurance, we also look out for our customers' all-round health with a number of wellness services included.

So whether in times when you need us most, like when you're ill or facing a serious health condition, or when you're healthy, we'll be there.

Our range of health plans meet all of the requirements of the local health regulator, the Dubai Health Authority (DHA), servicing both your local and international needs. With clearly segmented benefits designed to suit our global customers, our range brings simplicity and freedom to global healthcare so that globally minded people can choose the plan that's right for them.

EXCEPTIONAL SERVICE ON EVERY LEVEL

Across all of our world class health plans we deliver the exceptional high level of service we are renowned for and we provide cover for:

- in hospital and out-patient care
- health checks – helping to prevent as much as cure
- mental and holistic therapies – caring for mind as well as body
- evacuation – so if emergency treatment isn't available locally, we'll get our customer (and one other person) to where it is
- treatment for cancer and other serious illnesses, for as long as needed whilst they are a customer
- hereditary, congenital and chronic conditions
- transplants and rehabilitation
