

BUPA GLOBAL: BUSINESS HEALTH PLANS

Why choose Bupa Global?

At Bupa Global, our plans have been designed for people who want the highest level of private health cover available from Bupa and need access to healthcare facilities around the world.

We've been at the forefront of international private medical insurance for over 40 years. This experience makes us the ideal healthcare partner for your business. Our world class business health plans provide your employees with exceptional cover in the event of the unforeseen, with a range of benefits to cover their day-to-day wellness – helping to keep them performing at their very best and your business running smoothly.

There are a number of reasons why Bupa Global health cover could be right for you, your team and your business:

- Helps support employees back to health and back to work quickly
- Helps improve the wellbeing, motivation and positivity of your key people
- It's an attractive benefit to help you retain and attract the top talent
- Our plans can be adapted to suit your team's needs, circumstances and budget
- You'll always be in control when it comes to cost and whenever you need to enrol an employee into one of our health plans, you can do it securely online in minutes.

Premium healthcare for the most valuable people in your business

- Coverage all over the world with access to 1.2 million medical providers in our network – whether your employees want to see a preferred doctor close to home or a specialist in another country, we give them the flexibility to choose where and how they receive their treatment. Their geographical area of coverage is dependent on the plan chosen and any optional cover added.
- No specialist's referrals necessary – no need for your employees to get GP referral before treatment
- Cover for pre-existing conditions considered (subject to underwriting)
- A simple, quick and straightforward claims process – we can either handle the payment of claims directly within our network of medical providers or your employees can pay for the cost of treatment themselves and claim back the cost from us.
- Personal account management – giving your employees the support they need for any enquiry they may have.

Business Health Plan range

Our Business Health Plans are tiered (Business Select, Business Premier, Business Elite and Business Ultimate) with clear trade-up benefits, making it really easy for you to find the right health plan for your employees and if required, their dependants.

An exceptional range of healthcare benefits available to your employees

- **A choice of preventative benefits** – including mental health, physiotherapy, acupuncture and chiropractic cover. Dental and optical treatment can be included, depending on the plan chosen and any optional cover added.
- **Health screening** – allows your employees to enjoy private annual health check-ups and screenings ¹
- **Cancer care promise** – if your employee is diagnosed with cancer, they'll be in expert hands for as long as they need our care. With a dedicated case manager we'll provide expert treatment as well as ongoing care and support
- **Maternity cover (depending on plan chosen)** – after your employee has been a customer for 10 months, and if their partner is covered by the plan, we'll give them and their partner access to a maternity package to help keep them and their baby healthy.

¹ A waiting period applies to this benefit.

A range of support and services for your employees

- **Dedicated account manager** – who understands their account and can answer any specific concerns they may have
- **Multilingual in-house medical experts** - we offer 24/7 multilingual telephone support so you can be sure that whenever your employees need us, they will be understood
- **Healthline support service** – comprehensive support with travel assistance, inoculation and visa information as well as legal and interpreter assistance
- **Global assistance** – evacuation and repatriation (available on certain plans) giving your employees access to treatment that is not available locally, helping to ensure their healthcare needs are met
- **Expert second medical opinion service** - access to a second medical opinion if your employees are ever unsure about a diagnosis
- **Consultant and facilities finder** - if your employee needs help finding one of our network providers they'll have access to search our online directory (Facility Finder) for the nearest consultant, hospital or healthcare services
- **Secure online member account** – easy online policy and claim management via our private portal MembersWorld
- **Wellbeing and Wellness mobile apps** – apps such as Bupa Boost that can inspire employees to set and achieve their own health goals, and Due Date Plus that helps employees and their partners to keep track of their pregnancy and learn about health issues.
