* **We** obtain the above health, travel and security information from third parties. **You** should check this information as **we** do not verify it, and so cannot be held responsible for any errors or omissions, or any loss, damage, illness and/or injury that may occur as a result of this information.

NEED TREATMENT?

We want to make sure everything runs as smoothly as possible when **you** need **treatment**, so we help take care of the practicalities so **you** can focus on getting better.

If **you** contact **us** before going for **treatment**, **we** can explain **your** benefits and confirm that **your treatment** is covered by **your health plan**. If needed **we** can also help with suggesting **hospitals**, clinics and **doctors** and offer any help or advice **you** may need.

In cases where **you** need **hospital treatment**, contacting **us** also gives **us** an opportunity to contact **your hospital** or clinic and make sure they have everything they need to go ahead with **your treatment**. If possible **we** will arrange to pay them directly too.

We would like to make **you** aware that there are certain benefits for which **you** must receive pre-authorization. These are detailed in **your** 'Table of benefits'. Benefits may not be paid unless pre-authorization has been provided.

The pre-authorization process

You can pre-authorise **your treatment** by phone or email. Once **we** have the necessary details, **we** send a pre-authorization statement to **your hospital** or clinic.

We also send **you** a pre-authorization statement. This can be used as a claim form to send back to **us** if **you** receive any invoices or are asked to pay for any aspect of **your treatment** yourself. More detail is provided on the claims process on the next page.

From time to time **we** may ask **you** for more detailed medical information, for example, to rule out any relation to a **pre-existing condition**.

Remember we can offer a second medical opinion service

The solution to health problems isn't always black and white. That's why **we** offer **you** the opportunity to get another opinion from an independent world-class **specialist**.

Pre-authorization complete and now going for treatment?

Always remember to keep **your** insurance cards with **you** and present the appropriate card to **your benefits provider** when **you** arrive.

Our approach to costs

When **you** are in need of a **benefits provider**, **our** dedicated team can help **you** find a **Recognised medical practitioner, hospital or healthcare facility** within **network**. Alternatively, **you** can view a summary of **benefits providers** on Facilities Finder at bupaglobal.com/en/facilities/finder. Where **you** choose to have **your treatment** and services with a **benefits provider** in **network**, **we** will cover all eligible costs of any **covered benefits**, once any applicable **co-insurance** or deductible amount which **you** are responsible to pay has been deducted from the total claimed amount.

Should **you** choose to have **covered benefits** with a **benefits provider** who is not part of **network**, **we** will only cover costs that are **Reasonable and Customary**. This means that the costs charged by the **benefits provider** must be no more than they would normally charge, and be similar to other **benefits providers** providing comparable health outcomes in the same geographical region. These may be determined by **our** experience of usual, and most common, charges in that region. Government or official medical bodies will sometimes publish guidelines for fees and medical practice (including established **treatment** plans, which outline the most appropriate course of care for a specific condition, operation or procedure). In such cases, or where published insurance industry standards exist, **we** may refer to these global guidelines when assessing and paying claims. Charges in excess of published guidelines or **Reasonable and Customary** made by an 'out-of-network' **benefits provider** will not be paid.

This means that, should **you** choose to receive **covered benefits** from an 'out-of-network' **benefits provider**:

- **you** will be responsible for paying any amount over and above the amount which **we** reasonably determine to be **Reasonable and Customary** – this will be payable by **you** directly to **your** chosen 'out-of-network' **benefits provider**;
- **we** cannot control what amount **your** chosen 'out-of-network' **benefits provider** will seek to charge **you** directly.

There may be times when it is not possible for **you** to be treated at a **benefits provider** in **network**, for example, if **you** are taken to an 'out-of-network' **benefits provider** in an **emergency**. If this happens, **we** will cover eligible costs of any **covered benefits** (after any applicable **co-insurance** or deductible has been deducted).

If **you** are taken to an 'out-of-network' **benefits provider** in an **emergency**, it is important that **you**, or the **benefits provider**, contact **us** within 48 hours of **your** admission, or as soon as reasonably possible in the circumstances. If it is the best thing for **you**, **we** may arrange for **you** to be moved to a **benefits provider** in **network** to continue **your treatment** once **you** are stable. Should **you** decline to transfer to a **benefits provider** in **network** only the **Reasonable and Customary** costs of any **covered benefits** received following the date of the transfer being offered will be paid (after any applicable **co-insurance** or deductible has been deducted).

Additional rules may apply in respect of **covered benefits** received from an 'out-of-network' **benefits provider** in certain countries.

These charge levels may be governed by guidelines published by relevant government or official medical bodies in the particular geographical region, or may be determined by **our** experience of usual, and most common, charges in that region.

HOW TO CLAIM

Whether **you** choose direct payment or 'pay and claim' **we** provide a quick and easy claims process. Some benefits need to be pre-authorized by **us** so make sure to check **your** 'Table of benefits' and the 'Need **treatment**' section of this **guide**.

We may sometimes ask for further medical information to be able to process **your** claim.

This is a summary, please refer to **your** 'Table of benefits', 'Terms and Conditions' and insurance certificate for full details on how to claim.

WANT TO ADD MORE PEOPLE TO YOUR HEALTH PLAN?

You can apply to include **dependants**, including newborn children, to this **health plan** by filling in an application form. **You** can download this easily from bupaglobal.com/membersworld. Or **you** can contact **us** and **we** will send one to **you**.

It is possible to add dependants on to a different health plan.

When **you** apply, the **dependant's** medical history will be reviewed by **our** medical team which may result in cover for **pre-existing conditions**, special restrictions or exclusions, or **we** may decline to offer cover. Any special restrictions or exclusions are personal to the person **you** add and will be shown on **your** insurance certificate.

Adding your newborn child?
Congratulations on **your** new arrival!

You can apply to include **your** newborn child on this **health plan**. When **we** accept **your** newborn child, the cover will start from the date **we** receive a fully completed application form or a later date specified by **you**.

The application will not be accepted before the 90th day after their birth if:

- neither parent has been covered on this **health plan** for 10 months or more prior to the child's birth
- none of the adults on this **health plan** are the child's parents
- the child is born as a result of **Assisted Reproduction Technologies, ovulation induction treatment**, adopted or born to a surrogate

If there are any changes to the information **you** provided in the application form after **you** or **your dependants** sign it and before **we** accept the application, please let **us** know straight away.

YOUR HEALTH PLAN BENEFITS

The 'Table of benefits' provides an explanation of what is covered on **your health plan** and the associated limits.

Benefit limits

There are two kinds of benefit limits shown in this table:

1. The 'overall annual maximum' – the maximum amount **we** will pay in total for all benefits, for each person, in each **policy year**.
2. Individual benefit limits – the maximum amount **we** will pay for individual benefits such as **rehabilitation**.

All benefit limits apply per person. Some apply each **policy year**, which means that once a limit has been reached, the benefit will no longer be available until **you** renew **your health plan**. Others apply per lifetime, which means that once a limit has been reached, no further benefits will be paid, regardless of the **renewal** of **your health plan**.

Currencies

All the benefit limits and notes are set out in three currencies: GBP, EUR and USD. The currency in which **you** pay **your** premium is the currency that applies to **your health plan** for the purpose of the benefit limits.

Waiting periods

You will notice that waiting periods apply to some of the benefits. This means that **you** cannot make a claim for that particular benefit until **you** have been covered for the full duration of the waiting period stated.

How does the deductible work?

Your deductible is the annual amount **you** must pay each **policy year** towards covered expenses before **we** start paying. The **deductible** on this plan is £5,000 as standard.

It's important that **you** send all **your** claims to **us**, even if the value of **your** claim is less than the **deductible**. **We** won't make any payment, but the claim will count towards **your deductible**. If **your** claim is for an amount higher than the value of **your deductible** or remaining **deductible**, **we** will pay costs in line with **your** benefit limits.

The **deductible** applies:

- per **policy year**
- separately for each person

EXAMPLE

The standard **£5,000 deductible** is on the **health plan**

You have **treatment** in **hospital** for a broken leg which costs **£3,000**

Amount paid by you is £3,000	Amount paid by us is £0
--	---------------------------------------

Remaining **deductible** for the rest of the **policy year** is **£2,000**

Later in the year **you** stay in **hospital** for 9 days which costs **£25,000**

Amount paid by you is £2,000	Amount paid by us is £23,000
--	--

Remaining **deductible** for the rest of the **policy year** is **£0**

YOUR EXCLUSIONS

In the 'General exclusions' section below, **we** list specific **treatments**, conditions and situations that **we** do not cover as part of **your health plan**. In addition to these **you** may have personal exclusions or restrictions that apply to **your health plan**, as shown on **your** insurance certificate.

General exclusions

The exclusions in this section apply in addition to and alongside any personal exclusions and restrictions explained above.

For all exclusions in this section, and for any personal exclusions or restrictions shown on **your** insurance certificate, **we** do not pay for conditions which are directly related to:

- excluded conditions or **treatments**
- additional or increased costs arising from excluded conditions or **treatments**
- complications arising from excluded conditions or **treatments**

Do you have cover for pre-existing conditions?

When **you** applied for **your health plan** **you** were asked to provide all information about any disease, illness or injury for which **you** received medication, advice or **treatment**, or **you** had experienced symptoms before **you** became a customer – **we** call these **pre-existing conditions**.

Our medical team reviewed **your** medical history to decide the terms on which **we** offered **you** this **health plan**. **We** may have offered to cover any **pre-existing conditions**, possibly for an extra premium, or decided to exclude specific **pre-existing conditions** or apply other restrictions to **your health plan**. If **we** have applied any personal exclusion or other restrictions to **your health plan**, this will be shown on **your** insurance certificate. This means **we** will not cover costs for **treatment** of this **pre-existing condition**, related symptoms, or any condition that results from or is related to this **pre-existing condition**. Also **we** will not cover any **pre-existing conditions** that **you** did not disclose in **your** application.

If **we** have not applied a personal exclusion or restriction to **your** insurance certificate, this means that any **pre-existing conditions** that **you** told **us** about in **your** application are covered under **your health plan**.

Important note: **our** global **health plans** are non-US insurance products and accordingly are not designed to meet the requirements of the US Patient Protection and Affordable Care Act (the Affordable Care Act). **Our** plans may not qualify as minimum essential coverage or meet the requirements of the individual mandate for the purposes of the Affordable Care Act, and **we** are unable to provide tax reporting on behalf of those **US** taxpayers and other persons who may be subject to it. The provisions of the Affordable Care Act are complex and whether or not **you** or **your dependants** are subject to its requirements will depend on a number of factors. **You** should consult an independent professional financial or tax advisor for guidance. For customers whose coverage is provided under a group **health plan**, **you** should speak to **your health plan** administrator for more information.

Please note that, should **you** choose to have **treatment** or services with a **benefits provider** who is not part of **network**, **we** will only cover costs that are **Reasonable and Customary**. Additional rules may apply in respect of **covered benefits** received from an 'out-of-network' **benefits provider** in certain specific countries.

B. Cancellation of your policy or removal of a dependant from cover during the policy year If you the policyholder choose to cancel your policy following the initial 30 days of receiving your first insurance certificate for the policy year (or where cancellation is requested within the initial 30 day period and a claim has been made under the policy for that period), we will refund the amount of any premium paid to us for the period following the date on which the cancellation takes effect (i.e. from the 1st day of the following month from us being notified of the request). If you the policyholder choose to remove a dependant from cover following the initial 30 days of receiving the first insurance certificate for the policy year which names that dependant on the policy (or where cancellation is requested within the initial 30 day period and a claim has been made under the dependant's cover for that period), we will refund the amount of any premium paid to us for the period following the date on which the removal of the dependant takes effect (i.e. from the 1st day of the following month from us being notified of the request). Such pro-rata return of any advance paid premium will be made to the original payment source and method as the premium was paid. We reserve the right to deduct any payment you may owe us from any refund.
9.3	If the policyholder or a dependant dies we should be notified in writing within 30 days. Upon the death of the policyholder any adult dependant may apply to Bupa Global to become the policyholder of the policy in his or her own right and include the other dependants under their policy . If the policyholder dies, and no adult dependant has taken over the policy , this policy will end and if no valid claims have been made or covered benefits received under this policy , we will refund that part of the premium which relates to the period after the policy ended. If a dependant dies then his/her cover under this policy will end and, provided that no valid claims have been made or covered benefits received under this policy by or on behalf of that dependant , we will refund that part of the premium which relates to the dependant for the period after his/her cover ended.

- information about any criminal convictions and offences (**we** may get this information when carrying out anti-fraud or anti-money-laundering checks, or other background screening activity).

5. What we use your personal information for

Summary: **We** process **your** personal information for the purposes set out in this privacy notice. **We** have also set out some legal reasons why **we** may process **your** personal information (these depend on what category of personal information **we** are processing). **We** normally process standard personal information if this is necessary to provide the services set out in a contract, it is in **our** or a third party's legitimate interests or it is required or allowed by any law that applies. Please see below for more information about this and the reasons why **we** may need to process special category information.

More information: By law, **we** must have a lawful reason for processing **your** personal information. **We** process standard personal information about **you** if this is:

- **necessary to provide the services set out in a**

- contract** – if **we** have a contract with **you**, **we** will process **your** personal information in order to fulfil that contract (that is, to provide **you** and **your dependants** with **our** products and services);
- **in our or a third party's legitimate interests** – details of those legitimate interests are set out in more detail in section 6 'legitimate interests' below.
 - **required or allowed by law.**

We process special category information about **you** because:

- **it is necessary for the purposes of preventive or occupational medicine**, to assess whether **you** are able to work, medical diagnosis, to provide health or social care or **treatment**, or to manage health-care or social-care systems (including to monitor whether **we** are meeting expectations relating to **our** clinical and non-clinical performance);
- **it is necessary for an insurance purpose** (for example, advising on, arranging, providing or managing an insurance contract, dealing with a claim made under an insurance contract, or relating to rights and responsibilities arising in connection with an insurance contract or law);
- **it is necessary to establish, make or defend legal claims** (for example, claims against **us** for insurance);
- **it is necessary for the purposes of preventing or detecting an unlawful act** in circumstances where **we** must carry out checks without **your** permission so as not to affect the outcome of those checks (for example, anti-fraud and anti-money-laundering checks or to check other unlawful behaviour, or carry out investigations with other insurers and third parties for the purpose of detecting fraud);
- **it is necessary for a purpose designed to protect the public against dishonesty, malpractice or other seriously improper behaviour** (for example, investigations in response to a safeguarding concern, a **policyholder's** complaint or a regulator (such as the Care Quality Commission or the General Medical Council) telling **us** about an issue);
- **it is in the public interest, in line with any laws that apply;**
- **it is information that you have made public; or**
- **we have your permission.** As is best practice, **we** will only ask **you** for permission to process **your** personal information if there is no other legal reason to process it. If **we** need to ask for **your** permission, **we** will make it clear that this is what **we** are asking for, and ask **you** to confirm **your** choice to give **us** that permission. If **we** cannot provide a product or service without **your** permission (for example, **we** can't manage and run a health trust without health information), **we** will make this clear when **we** ask for **your** permission. If **you** later withdraw **your** permission, **we** will no longer be able to provide **you** with a product or service that relies on having **your** permission.

6. Legitimate interests

Summary: **We** process **your** personal information for a number of legitimate interests, including managing all aspects of **our** relationship with **you**, for marketing, to help **us** improve **our** services and products, and in order to exercise **our** rights or handle claims. More detailed information about **our** legitimate interests is set out below.

More information: Legitimate interest is one of the legal reasons why **we** may process **your** personal information. Taking into account **your** interests, rights and freedoms, legitimate interests which allow **us** to process **your** personal information include:

- to manage **our** relationship with **you**, **our** business and third parties who provide products or services for **us** (for example, to check that **you** have received a service that **you're** covered for, to validate invoices and so on);
- to provide health-care services on behalf of a third party (for example, **your** employer);
- to make sure that claims are handled efficiently and to investigate complaints (for example, **we** may ask **your benefits provider** for information to make sure **we** receive accurate information and to monitor the quality of **your treatment** and care);
- to keep **our** records up to date and to provide **you** with marketing as allowed by law;
- to develop and carry out marketing activities and to show **you** information that is of interest to **you**, based on **our** understanding of **your** preferences (**we** combine information **you** give **us** with information **we** receive about **you** from third parties to help **us** understand **you** better);
- for statistical research and analysis so that **we** can monitor and improve products, services, websites and apps, or develop new ones;
- to contact **you** about market research **we** are carrying out;
- to monitor how well **we** are meeting **our** clinical and non-clinical performance expectations in the case of health-care providers;
- to enforce or apply **our** website terms of use, **our policy** terms and conditions or other contracts, or to protect **our** (or **our** customers' or other people's) rights, property or safety;
- to exercise **our** rights, to defend ourselves from claims and to keep to laws and regulations that apply to **us** and the third parties **we** work with; and
- to take part in, or be the subject of, any sale, purchase, merger or takeover of all or part of the **Bupa** business.

7. Marketing and preferences

We may use **your** personal information to send **you** marketing by post, by phone, through social media, by email and by text.

We can only use **your** personal information to send **you** marketing material if **we** have **your** permission or a legitimate interest as described above.

If **you** don't want to receive emails from **us**, **you** can click on the 'unsubscribe' link that appears in all emails **we** send. If **you** don't want to receive texts from **us** **you** can tell **us** by contacting **us** at any time. Otherwise, **you** can always contact **us** to update **your** contact preferences. See section 14 'data protection contacts' for details of how to contact **us**.

You have the right to object to direct marketing and profiling (the automated processing of **your** information to help **us** evaluate certain things about **you**, for example, **your** personal preferences and **your** interests) relating to direct marketing. Please see section 13 'your rights' below for more details.

8. Processing for profiling and automated decision-making

Summary: Like many businesses, **we** sometimes use automation to provide **you** with a quicker, better, more consistent and fair service, and marketing information **we** think will be of interest to **you** (including discounts on **our** products and services). This will involve evaluating information about **you** and, in some cases, using technology to provide **you** with automatic responses or decisions (automated decisions). Please see 'more information' below for further details.

You have the right to object to direct marketing and profiling relating to direct marketing (see section 13 'your rights' for more information). **You** may also have the right to object to other types of profiling and automated decision-making set out below. In these cases, **you** have the right to ask **us** to make sure that one of **our** advisers reviews an automated decision, to let **us** know how **you** feel about it and to ask **us** to reconsider the decision. **You** can contact **us** to exercise these rights. See section 14 'data protection contacts' for full contact details.

More information:

By law, **we** must tell **you** about:

- automated decision-making (making a decision using technology, without any person being involved); and
- profiling (automated processing of **your** information to help **us** evaluate certain things about **you**, for example, **your** personal preferences and **your** interests).

This is because **you** have certain rights relating to both automated decision-making and profiling. **You** have the right to object to profiling relating to direct marketing. If **you** do this, **we** will no longer carry out profiling for direct marketing purposes. **You** also have the right to object to profiling in other circumstances set out below.

When **we** make decisions using only automated processing which produce legal effects which concern **you** or which have a significant effect on **you**, **we** will let **you** know. **You** then have 21 days to ask **us** to reconsider **our** decision or to make a new decision that is not based only on automated processing. If **we** receive a request from **you**, within 21 days of receiving **your** request, **we** will:

- consider the request, including any information **you** have provided that is relevant to it;
- meet **your** request; and
- let **you** know in writing what **we** have done to meet **your** request, and the outcome.

You can contact **us** (see section 14 'data protection contacts' for details) to ask about these rights (see section 13 'your rights' for more details).

Profiling and automated decision-making

The processes set out below involve both profiling and automated decision-making.

- Depending on the type of health-insurance product that

you want to benefit from, to help **us** decide what level of cover **we** can offer **you**, **we** will ask **you** to provide information about **your** medical history. **We** may use software to review this information to find out whether **you** have any previous or existing health conditions which **we** cannot cover **you** for and which will be excluded from **your policy**.

- **We** may use software to help **us** calculate the price of products and services based on what **we** know about **you** and other customers. For example, **our** technology may analyse information about **your** claims history and compare it with the information **we** hold about previous claims to evaluate how likely **you** are to need to make a claim. **We** may also evaluate **your** age, where **you** live and other details relating to **your** health (such as existing health conditions and whether **you** smoke) to calculate prices for community-rated products which are based on predefined groups with similar risk profiles.

Profiling

The processes set out below involve profiling.

- In order to improve outcomes and be more efficient, and allow **us** to offer advice about different **treatment** paths (for example, alternatives to surgery or other invasive **treatments**), **we** may use software to evaluate medical history and information about the general population in an area to identify customers who are likely to need that advice most.
- When **your policy** is due for **renewal**, **our** software tells **us** this and may also evaluate **your** payment and claims history, information about the general information in a particular area, and other information from third parties to automatically provide **you** with information about what incentives **we** can offer **you** and the marketing messages **you** will receive.
- **We** ask other organisations to carry out some of **our** consumer and market analysis to improve **our** marketing processes. This involves sharing personal information relating to **our** customers with third parties who specialise in profiling and segmenting people (putting people into groups of different types of customer, based on different kinds of information collected about them, to help **us** to better target **our** products to them). These companies match the information **we** give them with information they get from other sources to improve the accuracy of their analysis. **We** use the results of this analysis to help **us** target marketing and offers.
- **We** may use information about the products **you** have bought, and information about what other customers who have bought the same products **you** have bought, to make sure **we** send **you** information about the products **you** are most likely to be interested in.
- **We** may share **your** personal information (including **your** name, date of birth, sex and the country **you** live in) with third-party companies, such as FINSCAN, who **we** use to carry out anti-fraud checks. **We** will review any matches from this process. (**We** will not use automated decision-making for this.)

9. Sharing your information

Summary: We share **your** information within the Bupa Group, with relevant **policyholders** (including **your** employer if **you** are covered under a group scheme), with funders arranging services on **your** behalf, with people acting on **your** behalf (for example, brokers and other agents) and with others who help **us** provide services to **you** (for example, health-care providers and medical-assistance providers) or who **we** need information from to allow **us** to handle or confirm claims or entitlements (for example, professional associations). **We** also share **your** information in line with the law.

- suppliers who help deliver products or services on **our** behalf;
- people or organisations **we** have to, or are allowed to, share **your** personal information with by law (for example, for fraud-prevention or safeguarding purposes, including with the Care Quality Commission);

- if **we** (or any member of the Bupa group) sell or buy any business or assets, the potential buyer or seller of that business or those assets; and
- a third party who takes over any or all of the Bupa Group's assets (in which case personal information **we** hold about **our** customers or visitors to the website may be one of the assets the third party takes over).

If we provide insurance or manage a health-care trust, we share your information with:
