WELCOME TO THE NEXT CHAPTER OF GLOBAL HEALTHCARE

We have never wanted to be the same as the rest. That's why more than 3,000 globally minded people were asked to help create our range of global health plans.

The simple tiered range brings the same expected great service, but offers more than just insurance. We also focus on our customers' all-round health and wellbeing through a number of wellness services.

Additionally, through the collaboration between Bupa Global and Blue Cross Blue Shield Global, our customers can now enjoy even bigger benefits in the U.S. Our business health plans include cover for unforeseen treatment in the U.S. for 28 days (cover starts from the date of arrival) and the option to extend cover to include U.S cover for all eligible treatment.

This guide provides a summary of our plans to help you understand the high-level differences between them. For full details on the benefits, limitations, exclusions and how to use the plans, please visit bupaglobal.com to view the relevant health plan guides.

BUILT FOR BUSINESS, DESIGNED FOR INDIVIDUALS

Our health plans are designed for those wanting the highest level of cover available within the Bupa Group, including access to healthcare facilities anywhere in the world, at home or away.

As a business, your people are your greatest asset, so it makes sense to invest in both their physical and mental health and wellbeing, to help protect them wherever business takes them. Our benefits are designed to cover the mind as well as the body and can go a long way towards helping promote a healthy workforce and making a positive difference to your business.

Offering global healthcare to your employees can also have a wider positive impact on your business, including:

- help you recruit the right talent to take your business forward
- help increase wellbeing, motivation and positivity of your employees
- help improve sickness and absenteeism rates

Our plans are designed with a range of employees in mind:

Businesses with employees who travel:

Our plans offer coverage for employees who travel on business and provide freedom of choice from the most prestigious hospitals and clinics around the world, wherever employees are located.

Expat employees: Our plans provide medical cover for employees and their families who are assigned to work abroad. The level of cover is designed to augment local state cover or employer provided coverage and to meet local visa requirements for people working or living overseas.

Executive cover: Every business has a few key people whose skills, knowledge, experience or leadership are important to a business' continued financial success. The absence of these employees can create a significant impact. Bupa provides the richness of healthcare cover needed for these key people.

Helping to improve the world's wellbeing

Better health is at the heart of our organisation. Not only do we care for the health and wellbeing of your employees, we also want to help improve general health around the globe. To maintain this focus, we continue to remain free of shareholders, re-investing profits back into our business. It fuels our drive to improve our services and offer access to cutting-edge care. We also partner with non-profit organisations and local communities to help improve the world's health, and create a positive environmental impact.
