# WELCOME TO THE NEXT CHAPTER OF GLOBAL HEALTHCARE

Founded by doctors, our sole purpose is to help people live longer, healthier, happier lives, and making a better world. That's why our plans are designed to meet your needs, whatever stage you're at in life.

The simple tiered range brings the same great service that you always can expect from Bupa, but this is more than just insurance. We also focus on our members' all-round health through a number of wellness services included.

Additionally, through the collaboration between Bupa Global and Blue Cross Blue Shield Global, our members can now enjoy even bigger benefits in the U.S. Our Business Health Plans include cover for unforeseen treatment in the U.S. for 28 days (cover starts from the date of arrival) and the option to extend cover to include U.S cover for all covered treatment.

This guide provides a summary of our plans to help you understand the high-level differences between them. For full details on the benefits, limitations, exclusions and how to use the plans, please visit [bupaglobal.com](http://bupaglobal.com) to view the relevant membership guides.

# BUILT FOR BUSINESS, DESIGNED FOR INDIVIDUALS

Our health plans are designed for those wanting the highest level of cover available within the Bupa Group, including access to healthcare facilities anywhere in the world, at home and away.

As a business, your people are your greatest asset, so it makes sense to invest in both their physical and mental health and wellbeing, to help protect them wherever business takes them. Our benefits are designed to cover the mind as well as the body and can go a long way towards helping promote a healthy workforce and making a positive difference to your business.

Offering global healthcare to your employees can also have a wider positive impact on your business, including:

- help you recruit the right talent to take your business forward
- help increase wellbeing, motivation and positivity of your employees
- help improve sickness and absenteeism rates

## **Our plans are designed with a range of employees in mind:**

### **Businesses with employees who travel:**

Our plans offer coverage for employees who travel on business and provide freedom of choice from the most prestigious hospitals and clinics around the world, wherever employees are located.

**Expat employees:** Our plans provide medical cover for employees and their families who are assigned to work abroad. The level of cover is designed to augment local state cover or employer provided coverage and to meet local visa requirements for people working or living overseas.

**Executive cover:** Every business has a few key people whose skills, knowledge, experience or leadership are important to a business' continued financial success. The absence of these employees can create a significant impact. Bupa provides the richness of healthcare cover needed for these key people.

## **Helping to improve the world's wellbeing:**

Better health is at the heart of our organisation. Not only do we care for the health and wellbeing of your employees, we also want to help improve general health around the globe. To maintain this focus, we continue to remain free of shareholders, re-investing profits back into our business. It fuels our drive to improve our services and offer access to cutting-edge care. We also partner with non-profit organisations and local communities to help improve the world's health, and create a positive environmental impact.

# OUR BUSINESS HEALTH PLANS

Our Business Health Plans are tiered by clear trade-up benefits, making it easy for businesses to find the right health plan for their employees and if needed, their dependants.

For these world-class business health plans, we deliver the exceptional high level of service for which we are renowned, and we provide cover for:

- Mental health conditions (no limits for in-patient and day patient treatment with no waiting periods - including cover for addiction, ADHD and self-inflicted injury)
- In-hospital care
- Evacuation and repatriation - if emergency treatment isn't available locally, we'll get your employee to where it is (accompanied by a relative or partner when medically necessary)
- Treatment for cancer and other serious illnesses, for as long as needed while they are a member
- Hereditary, congenital and chronic conditions
- Transplants and rehabilitation
- Bupa Lifeworks, your Global Employee Support Programme

## Mandatory cover

One of the following options must be selected.

Select	This tier concentrates on hospital treatment, in-patient or day-care patients and it also covers preventative treatments such as wellness benefits and a full health screening. Optional U.S. cover and Dental/ Optical cover is available in this tier.
Premier	This tier extends the Select benefits to include higher out-patient treatments and maternity cover. Optional U.S. cover and Dental/ Optical cover is available in this tier. Co-insurance is also available.
Elite	This tier extends the Premier benefits with increased benefit limits, across out-patient, in-patient and all other/travel benefits. Infertility treatment and co-insurance are also available.

## Optional cover

### U.S. cover

This option adds U.S. to the geographical cover making cover worldwide. This option is optional across all tiers. Cover is offered at 100% when using a network hospital, otherwise we may only pay costs that are reasonable and customary.

### Dental & Optical cover

Dental & Optical cover is an optional benefit. The dental covers a number of treatments including preventative, routine and restorative or orthodontic treatments. Each tier progressively offers more coverage and higher limits. Optical covers treatments including eye test, frames and lenses. The limits are level across all tiers.

Once you have decided on the level of cover, you can adapt your plan to suit your specific needs, circumstances and budget.

For example, you might want to:

- Include dependants
- Choose to cover pre-existing health issues
- Add co-insurance options for out-patient care - to always stay in control of cost
- Add preventive, routine and restorative dental and optical care to our plans with out-patient cover

We understand you're busy. So we've designed our range of health plans to make giving each of your employees the right level of cover as easy as it can be.
